Title: New Tank Battle

Basic 8 Direction Movement and Shot

Recoil When Fire

Main Character

Bullet

Enemy Bullet

Main Character

Enemy

The more you shot the more you recoil

We can use recoil to push the enemy or items in the scene.

The enemy cannot harm you from the back when you have a shield

Scene:

Push (Recoil)

invulnerable shield

Movement

Basic 8 Direction movement

Recoil

Push (Recoil) is the purple area in the scene to push the purple area to the platform.

The area that will make the moveable platform move.

Push the Box to the purple area to start the moveable platform.

The enemy cannot be damaged but can be pushed off the platform.
